World Explorers

Each week will focus on a different country and a new cultural theme.

This is your chance to help your child explore the world and learn a Second Language in a fun way...

Children enrolled in this fun summer immersion program do not need to have had prior exposure to the Spanish or Mandarin language. Your child will receive an introduction to the target language and culture. Utilizing their senses, the students will learn through dialogues, commands, pictures, stories, songs, games and foods of the target country.

Kids will learn about the Food, Geography, history, capital cities, national flags, climate, terrain, people, traditions and music.

Your child will be a scientist, explorer, painter, musician, chef, actor, athlete, and more as they are fully immersed in a second language. Your child's confidence will flourish as they build their social and academic skills.

Become a World Explorer!

Mini-Explorers:
